About STAR Sports Medicine

STAR Sports Medicine is a manufacturer of innovative sports medicine products that offers integrated clinical solutions. Our CFDA-approved complete range of products is present across 2000+ hospitals in China.

With all the domestic achievements, and a variety of products from titanium, PEEK, all-suture to bio-absorbable, a full arthroscopic tower, all CE certified, we were ready to introduce our solutions to the international market in order to satisfy the needs of orthopedic surgeons and patients globally.

Our innovation and products development are based on direct collaborations with surgeons and experts. We are proud to obtain more than 130 invention patents up until now, we are dedicated to ensure that quality and service is our top priority.

We are committed to driving innovation in cutting-edge technologies, with a strong focus on research and development to ensure we remain at the forefront of medical advancements. Market-wise STAR Sports Medicine is one of the leading Chinese companies in the domestic market and rapidly emerging company in the global market.
